OBJECTIVE

A motivated and enthusiastic Computer Science and Engineering student seeking an opportunity to begin my career in a professional environment where I can apply my technical skills, learn new technologies, and contribute to the growth of the organization while continuously developing my knowledge and expertise.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science and Engineering

JCT College of Engineering and Technology — CGPA: 7.75/10

Higher Secondary Certificate (HSC) – Bio-Science with Mathematics

Sree Narayana Public School (Affiliated with CBSE) — Marks Percentage: 73%

SKILLS

Programming Languages & Web Technologies: Python, HTML, CSS

Design & Productivity Tools: Figma, Microsoft Excel (Basic)

Developer Tools & IDEs: GitHub, Vercel, Visual Studio, PyCharm

Soft Skills: Teamwork, Analytical Thinking, Communication, Problem Solving

PROJECTS

My Portfolio Website | HTML, CSS, JavaScript

- Designed and developed a fully responsive personal portfolio website to showcase front-end development skills, projects, and career details.
- Added important career and professional information in a structured and user-friendly interface.
- Implemented a responsive contact form using EmailJS for direct email communication.
- Managed version control using GitHub and deployed the live website seamlessly using Vercel.

College Quiz Application | Group Project

- Collaborated with a team to design and develop a responsive quiz application for conducting quiz competitions at our college.
- Worked on creating a user-friendly interface for participants to enter their details and answer quiz questions.
- Implemented features for displaying questions, selecting answers, and calculating quiz scores.
- Contributed to backend development for storing and managing participant details, quiz responses, and scores.
